OPTION #1

... (virtual platform only)

Utilize the Brazen platform, the #1 virtual platform for virtual hiring events, virtual career fairs, video interviewing, live webinars, live chat, recruiting chatbots, interactive networking events, and much more. Exclusive use of the Brazen Platform is only \$10,000 for a 1-day event.

OPTION #2

... Virtual or In-Person Event

This option is our full-service option and includes the brazen platform for virtual events or hotel/location of your choice for in-person events. We will manage all advertising and promotions for your event, targeting your exact hiring needs. Additionally, you will receive the full support of our team to set up and coordinate your virtual or live event. With over 40 years of experience producing open houses and hiring events, our expertise and insight will be an invaluable tool for producing the most successful event possible. Call for pricing, as it can fluctuate based on hiring needs, location of the event, and if the event is in-person or virtual. Pricing for this option will be a flat, all-inclusive rate regardless of how many hires you make.

OPTION #3

... Virtual or In-Person Event

Same as Option #2 but with a cost-per-hire pricing structure. You pay an upfront fee to cover the venue and advertising costs, then pay on a cost-per-hire basis. The upfront fee is \$7,500.00 and the cost-per-hire fee is an additional \$3,000.00 for each hire you make.
